

AVEA
CONTRACTING

Committed to superior quality and results

About Avea Contracting

AVEA is a leading contracting company based in Dubai specialized in providing planning, designing, consulting, and construction services for any type of project. Working with a vision to do something unique and innovative, AVEA has rapidly grown into a trusted contractor in the emirates offering services in villas, building, fit-out-design, warehouses, steel works & other construction fields.

The success of AVEA in the UAE and its expansion to other countries can be attributed to the core founding values of the company such as our commitment to truthfulness and the value we hold in each employee, partner and clients. Dedicated to quality, safety, timeliness, and value, we take pride in bringing projects to completion on time, to specification and within the estimated budget. Adhering to strong moral and ethical principles, we maintain the highest degree of excellence in our services make your concept a reality - on time and within budget.

Vision & Mission

“Our Vision is to become the most preferred contracting service provider in the UAE through a high standard of project delivery and experience.”

AVEA was set up with this precise vision statement, and it continues to scale heights with the same focused ambition even today. The emphasis on delivering a high standard project has enabled AVEA to function in accordance with the Health, Safety and Environment System at all times, maximizing the project value for the clients. Through the experience garnered from handling projects of different kinds and solving the unique challenges encountered, AVEA has developed innovative approaches to tackle all projects with enhanced efficiency.

“Our mission is to safely deliver all projects meeting the highest quality and environmental standards for the benefit of our customers, shareholders, employees and the communities we serve.”

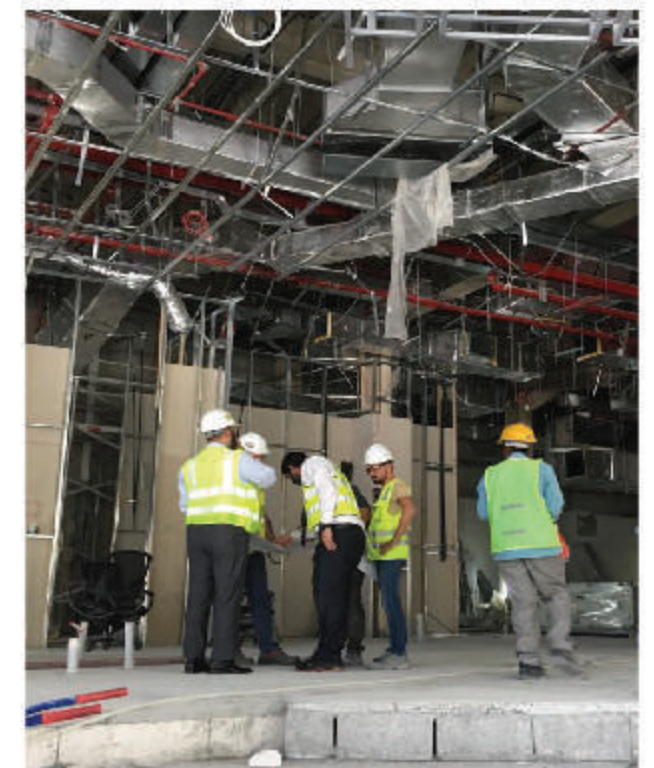

The entire range of decisions and activities at AVEA is undertaken by following this Mission statement. Over the decades, AVEA has carried projects of various kinds ranging from villas, building, warehouses & steel works. These projects have all been successful due to AVEA unwavering focus on the Health, Safety and Environmental System standards while constantly evolving efficient practices to meet project deadlines on time.

WHY US?

- Architecture design
- Design & Build
- Consulting
- Building Renovation
- Quality Constructor

Residential

Whether you are looking to build a new home or to renovate a certain part of your house, we build everything for you. We plan, design and build all your residential construction requirements constantly focussing to handle every aspect from demolition to final inspection.

Commercial

Being a full service contracting company, our commercial services includes managing of every aspect related to retail stores, commercial offices, restaurants, medical offices, and veterinary hospitals. Our every job schedule is finished on a "Fast Track" basis with a strong emphasis on quality workmanship.

Industrial

With a wide range of services that is well-matched to deal with work set within an industrial environment, we offer substantial construction experience, financial strength, reasonable pricing, integrity, and an assurance to the client's project thereby satisfying their unique needs.

Infrastructure

AVEA, being a major contributor in nation building process provides best-in-class services for a diverse range of technologically challenging and complex infrastructure projects. We have a breadth of experience encompassing all sectors of the infrastructure industry from dams, tunnels, hydroelectric projects, irrigation projects, highways, roads, bridges, to refineries and real estates.

Our overall objective for working is to provide a superior, quality job at a competitive price.

Fit-Out

At AVEA we strive hard to create original and creative spaces that are a true expression of our clients' wishes. With an excellent team to handle design and plan all stages of the fit out, we deliver nothing less than excellence and offer the best design solutions from consultation to the finished product.

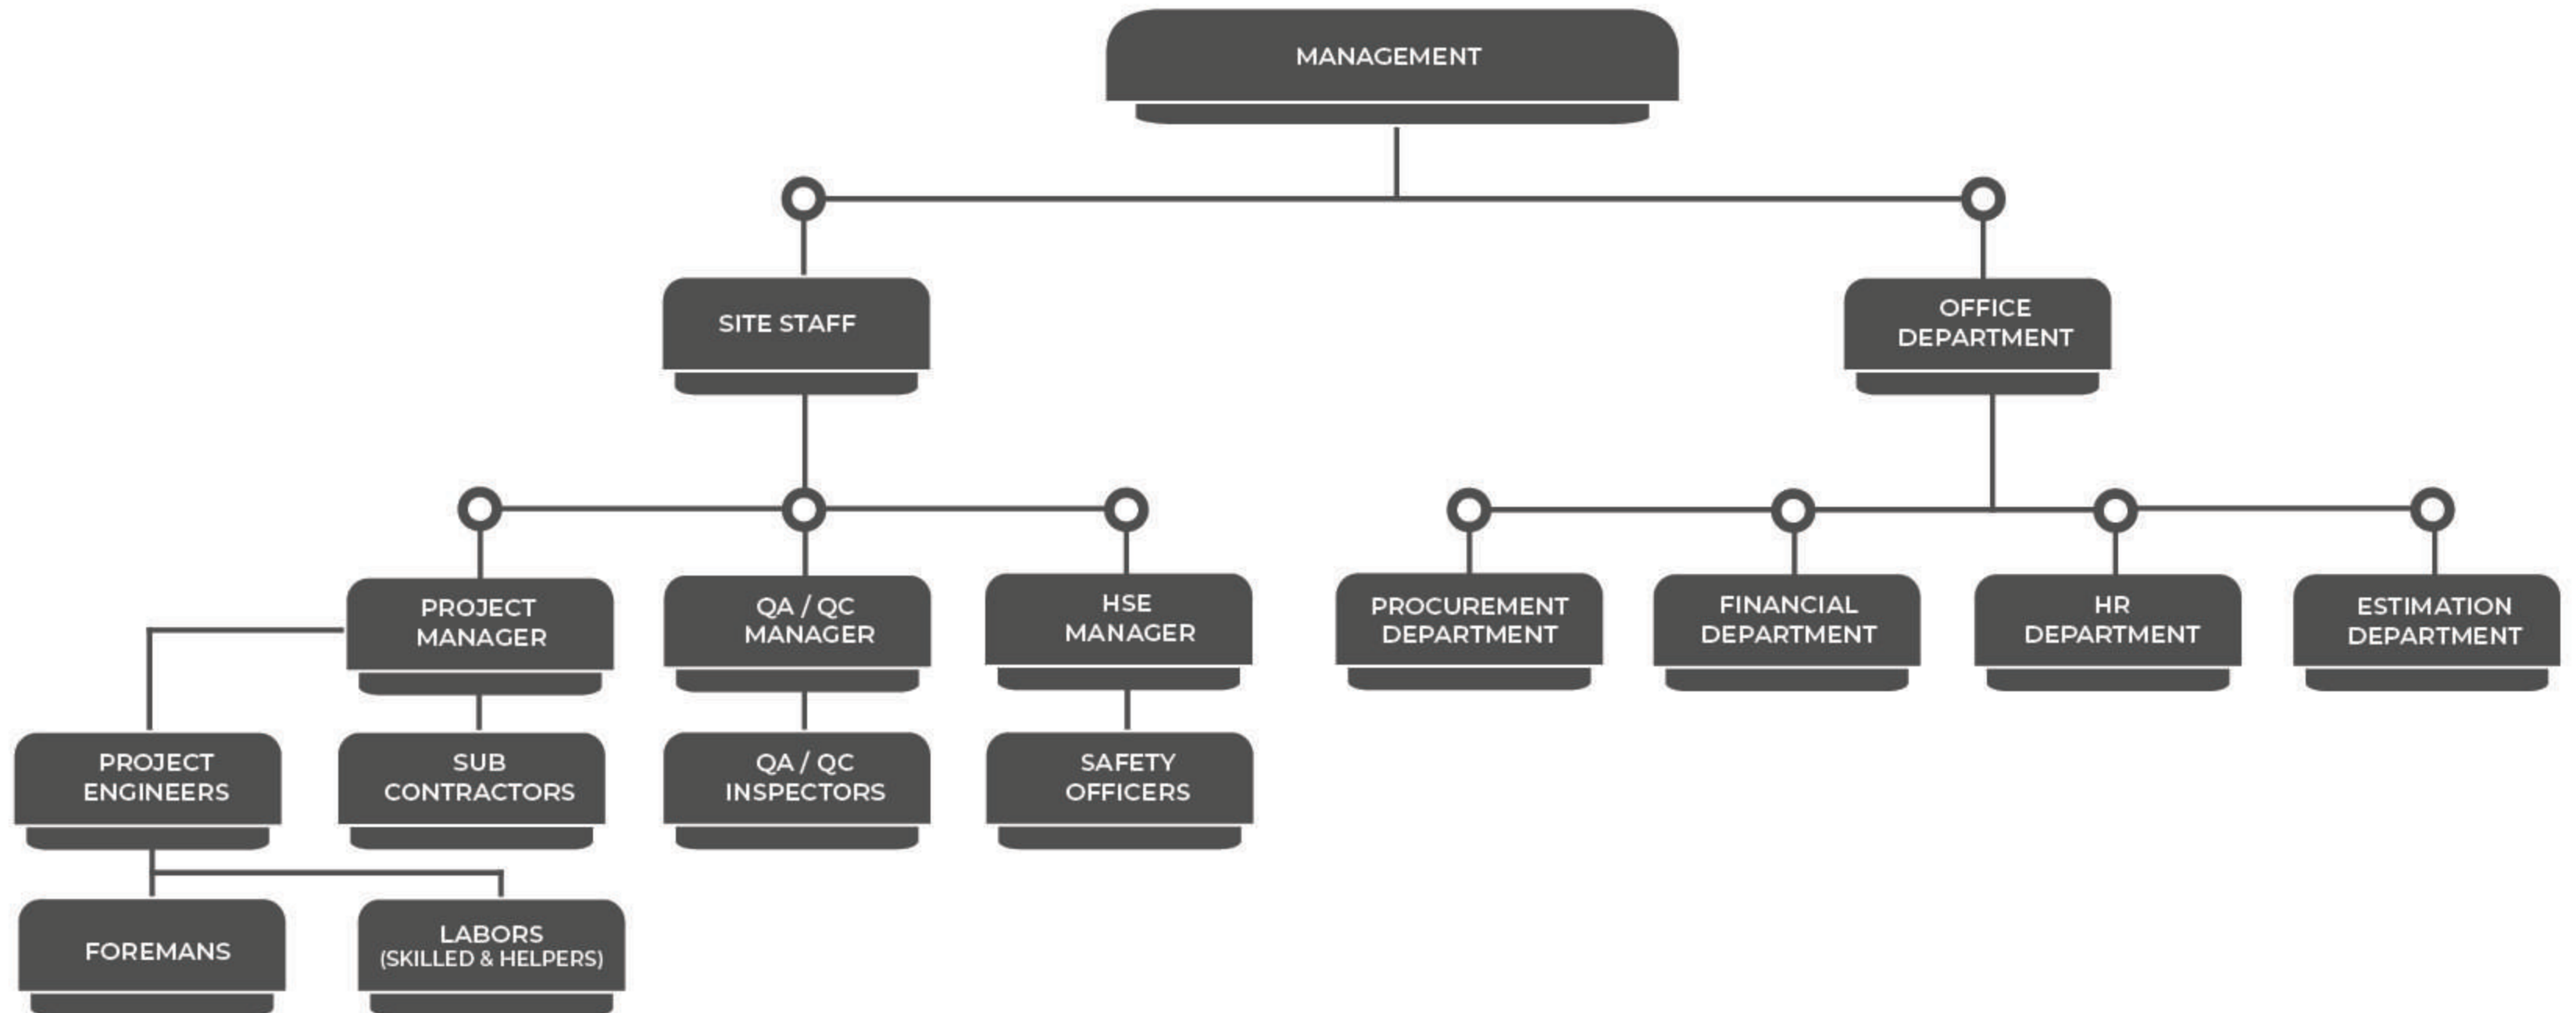

Design and Build

AVEA offers reliable design-build services by performing both on architectural and engineering design as well as on the actual construction work. Our team of experts works thoroughly from the design phase of a project to its construction, assuring that the costs of the project stay within your budget along with maintaining the integrity of the design.

We are committed to become one of the top companies in the region by attracting and retaining the best team in the field and provide 100% customer's satisfaction.

Since the foundation in the UAE, we strive to achieve a perfect score in the field of construction in GCC.
